Grade Level: Preschool - Kindergarten

Customer Reviews

This is a great book for young children. The colors are inviting, the words are simple and large, and the illustrations are fun and engaging. I'm sure my nieces will read it over and over. Being a board book, little sisters and brothers can read it too without damage.

It was great to work with a publisher that was willing to do a less traditional boardbook (color palette, etc)

I love this book. The illustrations are exceptional and the simple concepts are great for young children.
