Customer Reviews

The print is too tiny for me. I wanted a Bible to read easily, but this is hard on the eyes. I've added a photo so you can see the size with the ruler. It's a nice version, just impossible to read.

I enjoy a Bible study method that requires a lot of marking so this is a perfect Bible. When I teach books of the Bible I have my students buy this because it's inexpensive and it leaves them without any regrets about "scribbling" in their fancy Bibles. For the price this Bible holds up to a lot of wear. It's a great deal.

I ordered these Bibles for a children's (ages 10-13) Bible study group, so that 1) everyone would have a Bible and 2) they would all have the same version as we read aloud and study. Unfortunately, when I opened the NIV Outreach Bible, I just wanted to immediately close it again...which is not the reaction I want or that I want the children to have! The type is too small and looks "smooshed" together. The price is wonderful on these Bibles, but I am already looking for a different copy that will be affordable and easily readable.

The Bible is amazing, its very well made since I got mine used. I've been going to church every Sunday and yet I didn't have a Bible. The Bible I got is very easy to read, honestly its basically talking about how life is from the past comparing today, correct me if i'm wrong this is only an opinion to me. Anyway overall its an awesome book to understand about how it was back from its day. Thank You for Reading my review and I hope it helped, remember "God is Good" all the time.

I needed a number of these for an outreach I was a part of. Totally satisfied. The binding is great. The paper quality is, for the price, appropriate. And the price was great!

This Bible is simple and good for study to mark verses. The paper isn't usual Bible paper and no blank columns but is plain and clear to read the NIV.

I bought theses for my youth and they are great. You cant beat the price and the only problem I have found was the pages tare easy not a big deal!

The text is just so condensed that it is visually difficult to read. Seems as if they removed spaces between words. So odd. Got the 2011 publication, even though the description on this website said 2009. I hope they update it soon. It's just nothing I expected from the product description & previous reviews. I returned it promptly.
