## Customer Reviews

I love this Bible. The printing is bigger than normal, which is good, but I wouldn't call it large print. It is big enough for me! It is a very attractive Bible and the perfect size for studying and carrying around. I anticipate using this Bible for a long long time.

Excellent bible. Great size. The print is easy to read even with my old eyes. It's well made and should last a long time even with heavy use.

Great bible. Very cool looking cover and easy to read print. Pages are thick and sturdy. Would highly recommend.

The cover was not what I expected and the text wasn't quite as large as I thought it would be. The

civer materials were just not what I was thinking they would be after reading the description- very stiff. However, it is the Word of God in a beautiful casing and in that I got exactly what I was expecting.

It is a very well physically crafted book with a very nice and seemingly tough cover, and the subject material inside is just as I had expected it to be the more I am exposed to it.

With the exception that describes this Bible as having TWO ribbon markers (it only has one, obvious from the pictures provided), this is a great Bible. Larger print and not too big, easy to carry. Perfect for the price. In fact, I just ordered a second one (the first one I bought for my wife because she needs the larger print).

The glossary is very minimal. That's my only complaint. References are good and print looks great.

Awesome bible! I'm ordering another one right now for my wife. Go ahead and buy one you won't be disappointed!
