Customer Reviews

Bad code, dumb scam. This same "content" gets released frequently as a differently titled book by a different author. It appears that the 'author' releases it as a free ebook, then bumps up the price a few days later. aka: "KSH and AWK Scripting: Mastering Shell Scripting For Unix and Linux Environments" - Sanjiv Gupta "Korn Shell Cookbook: Advanced Unix Scripting Examples" - Vijay Iyer "Linux and Unix Shell Scripting With Ksh and Awk: Advanced Scripts and Methods" - George Davis "Unix Power Scripting" by Linda Jones "Awk Programmers Toolbox" by Steven Myers "AWK Programming Guide: A Practical Manual For Hands-On Learning of Awk and Unix Shell Scripting" - Mark Stevens

This book is just a copy of the book " AWK programmer's toolbox" by Steve Myers. It sounds very strange, but is true. I thought it was an error when printing, but indeed is just a fraud.

I was looking for a book that provided a lot more detail.
