I really enjoyed this graphic novel but I was just sad when it was over because it didn't seem long enough... But I guess that's how it always is with graphic novels in general. It was wonderful seeing some of my favorite scenes come to life in these books. I hope The Mortal Instruments graphic novels are just as good as The Infernal Devices ones.

I might be a biased though but the story is so much better than TMI. THE PLOT THE CHARACTERS AND THE ENDING â™¥ (THOSE WHO SHIP #Wessa and #Jessa will be satisfied)

I just had to have this las book! I love this series and I was expecting this one was released. I like the draws and all.I love Will and Jem! Yeah I like Tessa too!

i love the drawingssome parts were cut from the book because it's drawn of coursethe essence of the book is still there and the story doesn't suffergreat for shadowhunter fans

A great little finish to the previous 2 books of this kind. The artwork is enjoyable, and if you are a fan of the Infernal Devices series, a must-have!

This was so good and so beautiful! I enjoyed every minute of it despite how devastating some of the reminders were to actually see instead of read.

I love manga so I was very pleased to see that one of my favorite books was converted to a manga. Each moment was captured and beautifully made.

I got a used one and I love it. The story is laid out greatly and the panels are all very accurate according to the book
