Daddy's Little Princess

Synopsis

7-year-old co-author Morgan E. Taylor thinks that every little girl should believe she's a Princess. Unfortunately, most of the common images of Princesses do not represent the rich diversity of royalty. Daddy's Little Princess introduces real-life African Queens and Princesses in all shades. This book educates, builds self-esteem and inspires young readers to embrace their greatness.

Grade Level: Kindergarten - 4

Customer Reviews

What an excellent children's book. I enjoyed reading it to my Kindergarten class. We conduct a writing workshop in my class daily in which we encourage our students to become writers and create their own stories. Ms. Taylor's book has shown them that they can become authors as well.

Awesome book! The look on my daughters face after reading this was priceless. Now when I call her a princess she holds her head even higher and smiles.

My daughter loved this book! I was able to show her that royalty can look just like her. We googled each woman portrayed in the book and read the bio about them. Just to see the smile on her face, made me even happier! She even enjoyed her autograph edition book :).

Beautiful story for little princesses. Even more special to know this is a father/daughter

collaboration. Adorable illustrations as well. TaylorMade Publishing produces well-written books reflecting the beauty of black culture but are also relatable to all cultures.

Kudos to author Morgan Taylor for a book well written! Daddy's Little Princess invites all little girls to dream and dream big! I look forward to reading her next book.
