Customer Reviews

This little guy seems perfect to me - it was a little hard to tell what you were getting from the description, but this has a paperback cover with a soft-touch feel or coating that makes it feel quality. The wine color is really understated, not too red, almost a dark brown. Pages are edged in light yellow/gold. Print on the inside yes is smaller to fit the smaller size of the overall book, but print doesn't seem too light at all - just right. Pages are that almost "onion skin" feel to them, so you can see a bit of the page behind show thru, which I think would be true for anything printed in this type of paper. Size of the book was a tad smaller than I expected at 6 3/4" tall and 4 1/2" wide (and I was happy about that). Not pocket sized but not fullsize either. I'll try to upload a picture with my hand.

Bought two green BCP's for myself and my sister in the faith. The size is perfect for personal devotions and prayers. The pages are thin and the weight is therefore light and very portable. The cover is soft and smooth, with an embossed cross; pages in the front for entering important family occasions. The page numbers coincide with the pew BCP's at church so there's no confusion with using it during services. The print may be small for some but it does not appear to trouble my friend who uses reading glasses, even when we hold our evening vespers by candlelight. The prayers and psalms are life-sustaining manna in the week's wilderness and suitable for every follower of Christ, regardless of church affiliation.

Used as gift for friend who was confirmed. Very pleased.

print is a little light

All was as expected except one prayer book did not have the cross embossed on the front; not a problem but a manufacturer & quality control issue.

This arrived quickly and was exactly what I wanted. High quality item at a good price.

The print is too small for me but otherwise I like the prayer book.

Great size and larger print than many books of this kind
