Age Range: 4 - 6 years

Grade Level: Preschool - 1

Customer Reviews

I recommend this book for teaching the first grade farm unit in Bridges math program. It covers each animal spotlighted in the program and others. The photos were great and the information was age appropriate for first graders.

I ordered this book for my Kindergarten classroom. We were doing a unit on farms and the animals that live there. The kids loved it.

Good for what it is, but the book is really short with very little content.

Good resource

for my daycare
