Flat Track (Motorcycle Racing: The Fast Track)

Synopsis

Few topics are as exciting--or popular--as motorcycle racing. Boys especially will find this series impossible to resist. Each title covers one of the six types of racing sanctioned by the American Motorcyclist Association (AMA). Vivid, full-page, full-color photographs combine with action-filled text to capture the attention of reluctant readers. Each book includes descriptions of the tracks, the skills and equipment needed for racing, and quick bios of the sport's top riders. This series is sure to get struggling readers on the fast track to reading! --This text refers to the Library Binding edition.

Customer Reviews

This is definitely aimed for the younger generation. Adults will find this lacks depth, and is for children who express an interest in dirt track racing.

Too little pages to read, not much to teach the children with. The front cover would be the most time one would read then its contents.

not much depth . good for juvenile reading or beginner cyclists. great pictures. good information. don't really call it a book.
