Trains Can Float: And Other Fun Facts (Did You Know?)

Synopsis

Rev your engines for this book of fun facts about trains, planes, bridges, tunnels, and more! Did you know that some trains can actually float? Magnets make the train rise above the tracks! How about that the longest suspension bridge in the world is a mile and a quarter long? Or that tunnels were built in the Netherlands to help keep certain endangered animals safe from traffic? Filled with tons of cool facts about vehicles and other modes of transportation, plus colorful, humorous illustrations by Pete Oswald, this book is sure to be a hit!

Customer Reviews

Filled with trivia and fun facts about transportation related topics (trains, ships, roads, bridges, cars and helicopters) this book is not only informative but its illustrations are very engaging. Boys and many girls will find the material here very interesting and they can use this book as a starting place to find even more information on the internet. Book supplied by publisher.

As a retired librarian, loved all of these books!! All the grandchildren getting full sets.
