Customer Reviews

These little stickers are great. The print is vivid and bright and the designs small enough to not obstruct whatever it is you are sealing or decorating. The adhesive is pretty good too, but hardly permanent. However, the stickers are cut in circles and not tightly around the design, which leaves a large white space around it. It will look fine if you're sticking on a white surface, but will look terrible if the paper is colored.

Mini means about 1/2 an inch. The pictures were a bit blurry. These do not have a very strong adhesive. Seems to stick just fine to regular plain writing paper, but that is about it. Bought these to stick on goodie bags for my daughters birthday party and they were peeling all around the edges. The bags were basic paper bags with a light coating that my children or I have decorated with stickers many times. This was the first time we encountered any issues.

Small sized flower bouquets which fit perfectly in wall calendar squares when you need to highlight a holiday or special day. They are also nice to use on cards and envelopes to had a personal touch.

I make my own greeting cards, and these little stickers work very well for me. They are about 1/2 inch size, so they also would work well in scrapbooking, which is my next craft project. A few of the stickers have small messages on them, like "Love You"; most are just the small bouquets of flowers. The price is also great. I'll keep buying these.

Honestly, I ordered this because I wanted free shipping and needed a few cheap items to get to \$25--so here was a solution! While priced right, I was a bit disappointed with the stickers. They are small--perfect for little envelopes--but the pictures are not very clear. The flowers seem cute enough, but wish it was a tad bit more detailed.

I love these Dover Sticker books! I have a few different kinds. These are small and adorable. The colors are beautiful and the flowers are so pretty. I love to decorate packages and envelopes with these stickers. And the price is awesome! These are totally worth buying!

To another reviewer: how can you say we are charged so much for these when they're UNDER \$2.00?! That's not expensive! I think these would be nice for scrapbooking. Stickers are for scrapbooks, not making cards!

A great little book with some pretty little stickers. I mainly purchased these stickers to put on cards and envelops. I didn't want huge stickers and these fit the bill. They are vividly colored, very pretty, and not too big nor too small. When I am done using them I will be back for more.
