Hooked On Phonics Learn To Read - Levels 1&2 Complete: All About Letters (Early Emergent Readers | Pre-K | Ages 3-4) (Hooked On Phonics: Learn To Read Complete)

Synopsis

Hooked on Phonics® Learn to Read Levels 1&2 Complete includes both Pre-K levels of the complete 8-level Learn to Read series. - Level 1: All About Letters (Pre-K) - Level 2: All About Letters (Pre-K) - Level 3: Word Families (Kindergarten) - Level 4: Word Families (Kindergarten) - Level 5: Beginning Phonics (First Grade) - Level 6: Beginning Phonics (First Grade) - Level 7: Intermediate Phonics (Second Grade) - Level 8: Intermediate Phonics (Second Grade) Designed to give your child a strong foundation in phonemic awareness, a crucial pre-reading skill, Learn to Read Levels 1&2 Complete introduces these beginning concepts: - The Alphabet - Recognizing and Matching Uppercase and Lowercase Letters - Tracing Letter Shapes - Identifying Letter Sounds - Matching Beginning Sounds with Words and Objects - Rhyming Words

This set includes: - 4 Original Storybooks written to reinforce the skills your child learns in the program

- Pop! Pop! Pop!
- The Letter Hunt
- Follow That Ball
- Make Room for Zelda

- 2 Bonus Books by the award-winning children's book author and illustrator David McPhail

- The Cereal Box
- The Party

- 2 Workbooks that will guide you and your child through all of the lessons and many fun activities - 2 DVDs filled with music videos and fun introductions to each lesson, where letters come to life - 2 Sets of Stickers to proudly display in the workbooks and celebrate reading success - 4 Sets of Letters and Picture Flashcards designed to reinforce letter names and letter sounds - 1 Quick Start Guide

Designed in conjunction with leading educators, award-winning authors, teachers and parents, Hooked on Phonics® Learn to Read uses a proven, simple, and fun method to give your child a strong foundation in phonics and reading skills.

- Learn: Your child learns to read new words by watching the DVD and reading the workbook.
- Practice: Your child practices reading the new sound combinations and words in the workbook.
- Read: Your child puts it all together to read a great story.
- Celebrate: Celebrate success after each lesson and track your child's progress!

Age Range: 3 - 4 years

Grade Level: Preschool and up

Customer Reviews

this program works!! I started this DVD set when my son was 19mo, he is now 22 months and knows all his letters, the sounds they make, and can recognize them anywhere. At 1st I think he was memorizing them until we were out and he started pointing to the letters and saying the sounds and names! it comes with flash cards, and workbooks. I never used the work books, only the flash cards and the 2 DVDs that come with the kit. its so good of a program that my 22mo is bored now with the letters he knows them all and now i'm going to move onto the next kit which is kindergarten level. WORTH THE BUY, ITS GREAT

I am really big On Hooked on Phonics. It really helped my now eight year-old learn to read really well. I bought this for my younger son who I was trying to teach letter sounds to, and I was really disappointed! While the textbook focused on both the names and sounds of the letters, the cd rom game focused on letter names only and not the sounds. Personally, I think the cd rom games are key to concretely reinforcing what is learned in the textbook. Then, when you move on to Hooked On Phonics, Kindergarten Edition, it is assumed your child largely knows all the letter sounds. There's a big hole in phonics skills between the Pre-K and Kindergarten Editions, in my opinion. Maybe I relied to much on the cd rom, but when I bought the Kindergarten and First Grade Editions, that was a big asset in those editions that I strongly relied on for reinforcement.

My three year old is mostly done with this set. She is about two thirds through book two and we have been taking our time with it. But so far, I can say I see the results. It's a very basic concept that you could probably design in your own home school setting but it was definitely worth the purchase. The only reason I won't give five stars is because it is boring at times and I find it difficult to keep my toddler's attention for the entire unit that it wants you to do at a time, so I've had to modify it. The books are also irrelevant at times, except for one, and serve little to support the lesson other than

reading itself. The dvd's are catchy to an almost obnoxious point and you can tell they were made in the 90's.... But she loves them and all the songs. What really irked me was that book two is essentially the exact same thing as book one - except with lowercase letters added in. Same goes for the dvd's. They're the same except with slight changes. The letter songs are also repeated, for example, one song is for two or three letters. Overall she's happy though and I see results. Don't expect anything over the top amazing, but it really does its job.

My daughter and my son are doing this phonics and they both enjoy it while learning at the same time. My daughter started this when she was in preschool when she was 4. My husband always doing the teaching privately so they can concentrate. I tell you this, it works! Our son is kinda a little late but he is learning throu this phonics. He didnt learn from other books but this. I am very happy to purchase this product. You should get one if youo have kids.

I know that this system works I've used it with my own children. This set is for my 2yr old Granddaughter and we're anxious to start working with her. We opted for the lesser expensive set without the 'online' features listed since she is only 2, but it came today and I'm excited to say, it's included in our package! We can't wait!

Perfect for beginners!!! Thank you Phonics!!!

My three year old is using this and loves it!

I bought this for a friend and her son loves it. He's made a lot of progress and especially loves the books. I would definitely recommend this product to other parents.
