I love this series of books, i have 5 so far and my 18 month old loves them. The pictures are great and being a hockey family we just love the idea of each of these books. I will let all my friends know about these books.

I used this book to help my daughter learn the alphabet. She learned the entire alphabet by 20 months, and I think some of that is due to reading this book at least once before bed on many nights. This whole series of books is fantastic. I have borrowed some of them, but I own a copy of Hockey Colors and Hockey Alphabet. My daughter loves them... she gives me high fives when we

finish so we're giving this 5 stars.

I bought my daughter 3 books from the series and will have to order the others soon! She is 15 months old & asks for "hockey!" They are great books for her to read with her dad who is a goalie. We love the series and so does our daughter. They are fun to read, good quality, & a great way to introduce her to basic hockey items.

Honestly, the book underwhelmed a little bit, but it does provide a decent foundation of hockey knowledge for the young ones. It doesn't engage my niece as well as other books, but it's not a lost cause yet. The book was scratched a bit when we got it as well, which was disappointing

These are great little book for any little aspiring hockey player. We got this for our three year old son for Christmas and he is enjoying them. They use real images of hockey players and other hockey related items instead of just illustrations which is nice for toddler and nice visual aid. Very sturdy and the pages are somewhat thick.

This is such a cute series of hockey books. We are a huge hockey family and it was fun to find something for our one year old to take around with him to the rink while he watches his brothers practice!

Bought this as a gift for my hockey loving husband for his first fathers day. Our twins are only four months so they probably don't appreciate it just yet, but my husband LOVES this book and it got him reading to our babies which is most important.

I got all 6 of these books for my sons 2nd Birthday, & he loves them all!!! He looks at them everyday & recites all the Team Logo's he sees. If you are raising a hockey nut, like I am, get these books!!!
